Our Kloud Network Vulnerability Test

Trust that your network is secure from outside without the need of a full penetration test.

Do you need to maintain ISO 27001 certification, or know where you're exposed?

Considering the industry average for a full IT audit is in excess of \$10,000, we have you covered.

- Comprehensive threat assessment
- ISO 27001 compliant
- No consultant or internal auditor required
- No agents or internal software installed or required
- Test carried out externally
- Can be a once off test/report OR part of a monthly preventative assessment plan.

Price plans start at \$4,990

Contact Our Kloud to discuss our threat testing promotion today. Limited time available!
